# Introduction

Blogs, though an infamous model these days, are the best source to tell the world about yourself. With a personalized touch, they give you the creativity you desire. Our aim is to use this personal touch, and implement it in such a way (especially for the introverts), that brings a community together and more well known, which in our case, happens to be our college. The features we propose to enhance the user experience are:

1. User Management
2. Blog post management
3. Social Sharing
4. Commenting system
5. Following and Notifications
6. Clubs and Committees engagement
7. College Admin Panel

# Actors and stakeholders

1. Students
2. Clubs/committees
3. College admin

# Product Backlog

## Use Case : Registration and Login

| Front of the card | Back of the card |
|---|---|
| USER STORIES | Confirmation |
| As a student, I want to register and create an account on the blogging platform, so that I can login and add or view blogging content. | **Success Criteria**:<br>● The student can successfully fill out the registration form with all required fields.<br>● An account is created in the system, and the student receives a confirmation email or SMS.<br>● The student is able to log in with the newly created credentials.<br><br>**Failure Criteria**:<br>● The system does not save the student's details, resulting in an incomplete or unsuccessful registration.<br>● The student does not receive the confirmation email or SMS, or the link/OTP provided is invalid.<br>● The student encounters errors or cannot log in after account creation. |
| As a student, I want to receive an OTP via email or SMS during registration, so that I can securely verify my identity. | **Success Criteria**:<br>● The student receives an OTP via email or SMS after registration.<br>● The student is prompted to enter the OTP to proceed with the registration.<br>● The system verifies the OTP correctly and allows the student to continue. |

| | |
|---|---|
| | **Failure Criteria**:<br><br>● The OTP is not sent to the student, or the student receives it too late.<br>● The OTP is invalid or expired when the student enters it.<br>● The system does not verify the OTP correctly, preventing the student from completing the registration. |
| As a student, I want to log in to the blogging platform, so that I can access and engage with blog content. | **Success Criteria**:<br><br>● The student enters valid credentials and logs in without issues.<br>● The student is directed to their personalized dashboard, where they can view or add blog content.<br>● The session is maintained securely throughout the student's activity on the platform.<br><br>**Failure Criteria**:<br><br>● The student's login fails due to incorrect credentials, with no clear feedback or assistance provided.<br>● The student is unable to access their dashboard or encounters errors post-login.<br>● The session expires prematurely or is insecure, risking the student's data. |

| | |
|---|---|
| As a student, I want to reset my password if I forget it, so that I can regain access to the blogging platform. | **Success Criteria**:<br><br>● The student initiates the "Forgot Password" process and receives a password reset link or OTP.<br>● The student successfully resets their password using the provided link or OTP.<br>● The student can log in with the new password and access their account.<br><br>**Failure Criteria**:<br><br>● The student does not receive the password reset link or OTP.<br>● The password reset link or OTP is invalid or expired.<br>● The student is unable to reset the password due to system errors, leaving them locked out of their account. |
| As a club or committee member, I want to register and create an account on the blogging platform, so that I can login and manage or contribute to my club/committee's blog content. | **Success Criteria**:<br><br>● The club or committee member can successfully fill out the registration form with all required fields, including club/committee details.<br>● An account is created, and the member receives a confirmation email or SMS.<br>● The member is able to log in and access the club/committee dashboard to manage or contribute to blog content.<br><br>**Failure Criteria**:<br><br>● The registration process fails, resulting in incomplete or incorrect account setup.<br>● The member does not receive a confirmation email or SMS, or the provided link/OTP is invalid.<br>● The member is unable to log in or access the appropriate club/committee content after registration. |
| | |

| | |
|---|---|
| As a club or committee member, I want to log in to the blogging platform, so that I can manage or contribute to my club/committee's blog posts. | **Success Criteria**:<br><br>● The club or committee member logs in using valid credentials and is directed to the club/committee dashboard.<br>● The member can successfully manage or contribute to blog posts, with all features functioning correctly.<br>● The session is securely maintained during the member's activity on the platform.<br><br>**Failure Criteria**:<br><br>● The member is unable to log in due to incorrect credentials, with insufficient feedback provided.<br>● The member experiences issues accessing the club/committee dashboard or managing content after logging in.<br>● The session expires prematurely or is insecure, jeopardizing the member's access or content. |
| As a club or committee member, I want to reset my password if I forget it, so that I can regain access to the blogging platform. | **Success Criteria**:<br><br>● The club or committee member initiates the "Forgot Password" process and receives a password reset link or OTP.<br>● The member successfully resets their password and can log in with the new credentials.<br>● The member regains full access to the club/committee dashboard and content management tools.<br><br>**Failure Criteria**:<br><br>● The member does not receive the password reset link or OTP, or the link/OTP is invalid or expired.<br>● The password reset process fails, leaving the member unable to regain access to their account.<br>● The member encounters errors during or after the password reset process, preventing them from logging in. |

| | |
|---|---|
| As a club or committee member, I want to receive an OTP via email or SMS during registration, so that I can securely verify my identity. | **Success Criteria**:<br><br>● The club or committee member receives an OTP via email or SMS during registration.<br>● The member enters the OTP, and the system successfully verifies it, allowing them to proceed.<br>● The OTP process is seamless, providing secure verification without unnecessary delays.<br><br>**Failure Criteria**:<br><br>● The OTP is not sent to the member or arrives too late, causing delays in registration.<br>● The OTP is invalid, expired, or fails to verify, preventing the member from completing the registration process.<br>● The system fails to verify the OTP correctly, causing unnecessary hindrance to the member's access. |
| As an admin, I want to register and create an account with admin privileges on the blogging platform, so that I can access the blogging platform and its features. | **Success Criteria:**<br><br>● The admin can successfully complete the registration form, specifying admin-level details.<br>● An admin account is created, and the admin receives a confirmation email or SMS.<br>● The admin can log in with elevated privileges, accessing all admin-specific features and settings.<br><br>**Failure Criteria:**<br><br>● The registration process fails, resulting in an incomplete or incorrect admin account setup.<br>● The admin does not receive a confirmation email or SMS, or the provided link/OTP is invalid.<br>● The admin cannot log in or access the platform's administrative features after registration. |

| | |
|---|---|
| .<br><br>As an admin, I want to log in to the blogging platform, so that I make important announcements and see the blogging content. | **Success Criteria:**<br><br>● The admin logs in using valid credentials and is directed to the admin dashboard.<br>● The admin can make announcements, view all blog content, and manage platform settings as intended.<br>● The session is securely maintained during the admin's activity on the platform.<br><br>**Failure Criteria:**<br><br>● The admin cannot log in due to incorrect credentials, with insufficient feedback provided.<br>● The admin experiences issues accessing the dashboard, making announcements, or viewing content after logging in.<br>● The session expires prematurely or is insecure, risking the platform's integrity. |
| As an admin, I want to reset my password if I forget it, so that I can regain access to the blogging platform. | **Success Criteria:**<br><br>● The admin initiates the "Forgot Password" process and receives a password reset link or OTP.<br>● The admin successfully resets their password and can log in with the new credentials.<br>● The admin regains full access to the platform's administrative features and settings.<br><br>**Failure Criteria:**<br><br>● The admin does not receive the password reset link or OTP, or the link/OTP is invalid or expired.<br>● The password reset process fails, leaving the admin unable to regain access to their account.<br>● The admin encounters errors during or after the password reset process, preventing them from logging in. |

| | |
|---|---|
| As an admin, I want to receive an OTP via email or SMS during registration, so that I can securely verify my identity. | **Success Criteria:**<br><br>● The admin receives an OTP via email or SMS during registration.<br>● The admin enters the OTP, and the system successfully verifies it, allowing them to proceed.<br>● The OTP process is seamless, providing secure verification without unnecessary delays.<br><br>**Failure Criteria:**<br><br>● The OTP is not sent to the admin or arrives too late, causing delays in registration.<br>● The OTP is invalid, expired, or fails to verify, preventing the admin from completing the registration.<br>● The system fails to verify the OTP correctly, hindering the admin's access to the platform. |

## Use Case : Edit Profile

| Front of Card | Back of Card |
|---|---|
| USER STORIES | Confirmation |
| As a student, I want to be able to edit my personal information like name, picture and bio so that my profile stays current and reflects my identity. | **Success Criteria:**<br><br>● Students can successfully edit and save their name, picture, and bio.<br>● Changes are immediately reflected on their profile.<br>● User receives a confirmation message upon successful update.<br><br>**Failure Criteria:**<br><br>● Students are unable to edit or save changes.<br>● Errors occur when uploading a profile picture.<br>● Information is not updated or reverts to previous data after submission. |

| | |
|---|---|
| As a student, I want to be able to link my social media accounts to my profile, so that my peers can connect with me on other platforms. | **Success Criteria:**<br>● Students can successfully link and display social media accounts.<br>● Links are functional and direct peers to the correct social media profiles.<br>**Failure Criteria:**<br>● Students are unable to add or remove social media links.<br>● Links are broken or lead to incorrect profiles. |
| As a student, I want to be able to update my academic information, interests and skills, so that I can showcase my areas of expertise and interests to connect with like-minded peers. | **Success Criteria:**<br>● Students can add, update, and remove academic information, interests and skills.<br>● Updated information is accurately displayed on the profile.<br>**Failure Criteria:**<br>● Changes to academic information, interests and skills do not save.<br>● Updated information is not displayed or is inaccurately reflected on the profile. |
| As a college admin, I want to be able to edit my profile, so that I can update my contact information, profile picture, and designation. | **Success Criteria:**<br>● College admin can successfully update contact information, profile picture, and designation.<br>● Changes are reflected across all relevant areas of the platform.<br>**Failure Criteria:**<br>● Admin is unable to save or edit any profile information.<br>● Profile picture upload fails, or changes are not reflected. |

| | |
|---|---|
| As a club/committee leader, I want to be able to edit the club profile, so that I can update the club's description, profile picture, activities, and contact information. | **Success Criteria:**<br><br>● Club leaders can successfully edit and save the club's description, profile picture, activities, and contact information.<br>● Updates are accurately reflected on the club's public profile.<br><br>**Failure Criteria:**<br><br>● Edits do not save, or information reverts to previous details.<br>● Club profile information is displayed incorrectly after changes. |
| As a club/committee leader, I want to be able to add and remove core members from the club profile, so that the club details are always up to date. | **Success Criteria:**<br><br>● Club leaders can successfully add and remove members from the club profile.<br>● Member changes are reflected immediately and accurately.<br><br>**Failure Criteria:**<br><br>● Leader is unable to add or remove members.<br>● Club roster does not update or display incorrect information. |

# Use Case : Blog Post Management

| Front of Card | Back of Card |
|---|---|
| USER STORIES | Confirmation |
| As a student, I want to create a blog post, with rich text editing, so that I can share my thoughts and ideas with others. | **Success Criteria:**<br>● Students can successfully create and publish a blog post with text.<br>● The blog post is visible to other users after being published.<br>● The user receives a confirmation message upon successful creation.<br>**Failure Criteria:**<br>● Students are unable to create or publish the blog post.<br>● The text content is lost during submission or not saved.<br>● The blog post is not visible after publishing or shows errors. |
| As a student, I want to include audio in my blog post, so that I can enhance my content with spoken word or music. | **Success Criteria:**<br>● Students can upload and embed audio files into their blog posts.<br>● The audio is playable directly within the blog post.<br>● Audio uploads are handled smoothly with proper error messaging if issues occur.<br>**Failure Criteria:**<br>● The audio cannot be uploaded or fails to play after uploading.<br>● The blog post does not display the audio correctly.<br>● The system fails to accept common audio formats (e.g., MP3, WAV). |

| | |
|---|---|
| As a student, I want to include a video in my blog post, so that I can share visual content with my audience. | **Success Criteria:**<br>● Students can upload and embed video content within their blog posts.<br>● The video plays smoothly and is displayed properly.<br>● Users receive a notification if the upload is successful or if there is an issue.<br>**Failure Criteria:**<br>● The video fails to upload or is not embedded correctly.<br>● The video player does not work or is not responsive.<br>● The system does not support common video formats (e.g., MP4). |
| As a student, I want to edit my blog post after publishing, so that I can correct mistakes or update the content. | **Success Criteria:**<br>● Students can easily edit published blog posts.<br>● Changes are reflected immediately after saving.<br>● A confirmation message is shown upon successful editing.<br>**Failure Criteria:**<br>● Students are unable to edit or save changes to the blog post.<br>● The blog post reverts to the old version after editing.<br>● Errors occur during the edit process, causing content loss. |

| | |
|---|---|
| As a student, I want to like, share, and comment on blog posts, so that I can interact with the content and other users. | **Success Criteria:**<br><br>● Students can like, share, and comment on blog posts without any issues.<br>● Interactions are updated in real-time and are visible to others.<br>● Notifications are sent to the blog post owner when interactions occur.<br><br>**Failure Criteria:**<br><br>● Students cannot like, share, or comment on blog posts.<br>● The system fails to record or display interactions.<br>● Errors occur when trying to interact with the post. |
| As a student, I want to delete a blog post so that I can manage my blog better. | **Success Criteria:**<br><br>● Student can delete a particular blog post<br>● A confirmation dialog appears before deletion, preventing accidental removal.<br>● The blog post is permanently removed from the platform after deletion.<br><br>**Failure Criteria:**<br><br>● Students cannot delete the blog post or encounter errors when trying to do so.<br>● The post is not removed from the system after deletion.<br>● The system fails to confirm the deletion, leading to confusion. |

| | |
|---|---|
| As a club/committee, I want to create a blog post, with rich text editing, so that I can share the club details with the college**.** | **Success Criteria:**<br><br>● Club members can successfully create and publish a blog post with text.<br>● The blog post is visible to other users after being published.<br>● The user receives a confirmation message upon successful creation.<br><br>**Failure Criteria:**<br><br>● Club members are unable to create or publish the blog post.<br>● The text content is lost during submission or not saved.<br>● The blog post is not visible after publishing or shows errors. |
| As a club/committee, I want to include audio in my blog post, so that I can enhance my content with spoken word or music. | **Success Criteria:**<br><br>● Club members can upload and embed audio files into their blog posts.<br>● The audio is playable directly within the blog post.<br>● Audio uploads are handled smoothly with proper error messaging if issues occur.<br><br>**Failure Criteria:**<br><br>● The audio cannot be uploaded or fails to play after uploading.<br>● The blog post does not display the audio correctly.<br>● The system fails to accept common audio formats (e.g., MP3, WAV). |

| | |
|---|---|

| | |
|---|---|
| As a club/committee, I want to like, share, and comment on blog posts, so that I can interact with the content and share our activities with other users.<br><br>Use Case : Privacy Setting | **Success Criteria:**<br><br>● Club members can like, share, and comment on blog posts without any issues.<br>● Interactions are updated in real-time and are visible to others.<br>● Notifications are sent to the blog post owner when interactions occur.<br><br>**Failure Criteria:**<br><br>● Club members cannot like, share, or comment on blog posts.<br>● The system fails to record or display interactions.<br>● Errors occur when trying to interact with the post. |

| Front of Card | Back of Card |
|---|---|
| USER STORIES<br>As a club/committee member, I want to collaborate on blog posts with other members, so that we can create joint content for our club. | Confirmation<br>**Success Criteria:**<br><br>● Club members can invite others to collaborate on a blog post.<br>● Multiple users can edit and contribute to the same blog post.<br>● Changes made by different members are merged and saved without conflicts.<br><br>**Failure Criteria:**<br><br>● Conflicts arise when multiple users edit simultaneously, causing data loss.<br>● The system fails to save contributions from all members.<br>● No feedback or confirmation is provided after blocking a user. |
| As a club/committee member, I want to be able to block users who consistently post inappropriate or spam content, so that our club remains safe and focused on relevant topics. | **Success Criteria:**<br>● Club members can delete blog posts associated with their club.<br>● Confirmation dialog appears before deletion, preventing accidental removal.<br>● The blog post is permanently removed from the platform after deletion. |

As a student, I want to be able to block specific users from interacting with my blog posts and profile, so that I can prevent unwanted communication.

**Success Criteria:**

● Students can block specific users, preventing them from commenting or interacting with their blog posts and profiles.
● Blocked users are unable to see or interact with the content of the user who blocked them.
● The blocking functionality is intuitive and easy to access.

**Failure Criteria:**

● Users are unable to block others.
● Blocked users can still interact with the blocker's content.

As a member of a club/committee, I want to be able to manage the consents associated with our activities.

**Success Criteria:**

● Club members can invite others to edit the post.
● Club committee members can block users who post inappropriate content.
● A confirmation dialog appears before deletion, preventing accidental removal.
● The blog post is permanently removed from the platform after deletion.

As a club/committee member, I want to be able to block users who post inappropriate content, so that our club remains safe and focused on relevant topics.

**Success Criteria:**

● Club members can delete blog posts associated with their club.
● Confirmation dialog appears before deletion, preventing accidental removal.
● The blog post is permanently removed from the platform after deletion.

| | |
|---|---|
| | **Failure Criteria:**<br><br>● Club members are unable to block users.<br>● Blocked users can still access and interact with the club's content.<br>● Lack of confirmation or feedback after blocking a user. |
| As a college admin, I want to have the ability to block or restrict users who violate community guidelines, so that the platform remains a safe and welcoming environment for all. | **Success Criteria:**<br><br>● College admins can block or restrict users across the platform.<br>● Admins can set the duration and scope of the block/restriction.<br>● Blocked/restricted users are informed about the reason and duration of the restriction.<br><br>**Failure Criteria:**<br><br>● College admins are unable to block or restrict users.<br>● Blocked users do not receive notifications or reasons for their restriction.<br>● The blocking/restriction does not function as intended. |
| As a student, I want to provide feedback on why I blocked or reported someone, so that my concerns are clearly communicated to the college admin. | **Success Criteria:**<br><br>● Students can select or provide a reason when blocking or reporting someone.<br>● Feedback is logged and accessible to college admins for review.<br><br>**Failure Criteria:**<br><br>● Students are unable to provide feedback when blocking or reporting.<br>● Feedback is not logged or accessible to college admins.<br>● Feedback interface is unclear or cumbersome. |
| As a student, I want to see a list of other students whom I have blocked, so that I can manage my blocked users and unblock them if I choose to. | **Success Criteria:**<br><br>● Students can view a list of users they have blocked.<br>● Students can unblock users from the list. |

| | |
|---|---|
| | ● The list is easy to access and manage.<br><br>**Failure Criteria:**<br><br>● Users cannot see who they have blocked.<br>● There is no option to unblock users.<br>● The list is not updated or displayed correctly. |

| Front of Card | Back of Card |
|---|---|
| USER STORIES | Confirmation |
| As a student, I want to report inappropriate or harmful content or behavior by other users, so that necessary actions can be taken to maintain a safe environment. | **Success Criteria:**<br><br>● Students can report inappropriate or harmful content easily.<br>● Reports are sent to college admins for review.<br>● Students receive confirmation that their report has been submitted.<br><br>**Failure Criteria:**<br><br>● Users are unable to report content or behavior.<br>● Reports do not reach college admins.<br>● No feedback is provided to the reporting user. |
| As a member of a club/committee, I want to report users who spam our club's posts or engage in disruptive behavior, so that these issues can be addressed promptly. | **Success Criteria:**<br><br>● Club/committee members can report spammers or disruptive users.<br>● Reports are flagged for admin review.<br>● A process is in place to handle reported users.<br><br>**Failure Criteria:**<br><br>● Members cannot report users for spam or disruptive behavior.<br>● Reports are ignored or lost.<br>● No clear process for handling reported cases |
| As a college admin, I want to receive and review reports from users about inappropriate content or behavior, so that I can take appropriate actions such as warnings, suspensions, or bans. | **Success Criteria:**<br><br>● Admins receive reports with sufficient details.<br>● Admins can take actions like warnings, suspensions, or bans.<br>● The reporting system allows for tracking and |

| | |
|---|---|
| | follow-up.<br><br>**Failure Criteria:**<br><br>● Admins do not receive reports.<br>● Reports lack sufficient detail for action.<br>● Admins cannot take or track actions based on reports. |

| Front of Card | Back of Card |
|---|---|
| USER STORIES | Confirmation |
| As a student, I want to be able to change my password easily, so that I can secure my account if I suspect any unauthorized access. | **Success Criteria:**<br><br>● Students can change their passwords from their account settings.<br>● Password changes are confirmed with a notification.<br>● Passwords are updated securely.<br><br>**Failure Criteria:**<br><br>● Users cannot access the password change feature.<br>● Password changes are not saved.<br>● Password update notifications are not sent. |
| As a member of a club/committee, I want to ensure our club's account password can be updated regularly, so that we can maintain control over our club's blog content and communications. | **Success Criteria:**<br><br>● Club/committee members can update the club account password.<br>● Password changes are communicated to all authorized members.<br>● Regular reminders for password updates.<br><br>**Failure Criteria:**<br><br>● Club members cannot change the club account password.<br>● Password changes are not effective.<br>● No communication or reminders about password updates. |

| | |
|---|---|
| As a college admin, I want to enforce password policies and allow users to change their passwords, so that all accounts on the platform are secure against unauthorized access. | **Success Criteria:**<br><br>● Admins can set and enforce password policies (e.g., minimum length, complexity).<br>● Users are prompted to change passwords periodically.<br>● Password policies are communicated clearly to users.<br><br>**Failure Criteria:**<br><br>● Password policies are not enforced.<br>● Users are unaware of password policies.<br>● Users face difficulties in complying with password policies. |

| Front of Card | Back of Card |
|---|---|
| USER STORIES | Confirmation |
| As a student, I want to have the option to create private blog posts that are only visible to selected friends or groups, so that I can share personal content with only those I trust. | **Success Criteria:**<br><br>● Students can set privacy settings for each blog post.<br>● Private posts are only visible to selected friends or groups.<br>● Users can manage who has access to their private posts.<br><br>**Failure Criteria:**<br><br>● Users cannot set privacy for posts.<br>● Private posts are visible to unintended audiences.<br>● Users cannot manage access to their private posts. |

# Use Case : Search and Browsing

| Front of Card | Back of Card |
|---|---|
| USER STORIES | confirmation |
| As a student, I want to search for blog posts by keywords so that I can quickly find relevant content. | **Success Criteria:**<br>● Students can successfully search for blog posts using keywords.<br>● Relevant content is displayed based on the entered keywords.<br>● Results are accurate and ordered by relevance.<br>**Failure Criteria:**<br>● Search returns no results or irrelevant results.<br>● The search function fails to recognize valid keywords.<br>● The search process is slow or unresponsive. |
| As a student, I want to filter blog posts by categories (e.g., technology, sports, culture) so that I can explore topics of interest more easily. | **Success Criteria:**<br>● Students can select categories and see a filtered list of blog posts.<br>● Filtering options are intuitive and easy to use.<br>● Filtered results are accurate and correspond to the selected category.<br>**Failure Criteria:**<br>● The filtering does not narrow down the posts correctly.<br>● Categories are not available or visible to the user.<br>● The system is unable to apply filters, showing all posts instead. |
| As a student, I want to search for blog posts so that I can follow the work of the people I like to follow. | **Success Criteria:**<br>● Students can search for blog posts by entering the author's name. |

| | |
|---|---|
| | ● The search returns posts only by the specified author.<br>● The search experience is fast and responsive.<br><br>**Failure Criteria:**<br><br>● The search fails to find posts by known authors.<br>● Results include posts from authors not specified in the search.<br>● The interface does not allow users to input or select authors. |
| As a club/committee member, I want to search for blog posts related to past events organized by my club so that I can review coverage and feedback. | **Success Criteria:**<br><br>● Club members can search for posts tagged with their club's events.<br>● Search results accurately reflect the events organized by the club.<br>● Members can review feedback and coverage easily.<br><br>**Failure Criteria:**<br><br>● Search results do not include relevant event posts.<br>● The search function does not recognize the club's events or tags.<br>● Members are unable to access past event coverage or feedback. |
| As a club/committee member, I want to filter blog posts by event date to find content related to specific events our club organized. | **Success Criteria:**<br><br>● Club members can filter posts by event dates.<br>● The filtering system displays posts related to the selected date range.<br>● The date filter is user-friendly and accurate.<br><br>**Failure Criteria:**<br><br>● Posts are not filtered correctly by event dates.<br>● Date selection is not intuitive or does not work.<br>● Filtering does not return results within the selected date range. |

| | |
|---|---|
| As a club/committee member, I want to browse through blog posts tagged with our club's name so that I can easily find and share content relevant to our activities. | **Success Criteria:**<br><br>● Posts tagged with the club's name are easily accessible.<br>● Club members can browse and share relevant posts without issues.<br>● The tagging system is consistent and reliable.<br><br>**Failure Criteria:**<br><br>● Posts tagged with the club's name are not displayed correctly.<br>● Club members struggle to find posts related to their activities.<br>● The tagging system fails to associate posts with the correct club name. |
| As a college admin, I want to search for blog posts that mention certain keywords (e.g., "college policy" or "campus event") so that I can monitor discussions and engagement. | **Success Criteria:**<br><br>● Admins can search for posts containing specific keywords.<br>● Search results accurately reflect posts with the specified terms.<br>● Admins can monitor discussions and trends easily through keyword search.<br><br>**Failure Criteria:**<br><br>● The search function does not identify relevant posts with specified keywords.<br>● Admins receive irrelevant or no results for known discussions.<br>● Monitoring of discussions is hindered due to inaccurate search results. |
| As a college admin, I want to browse blog posts sorted by engagement statistics (e.g., most commented or most liked) so that I can identify content that resonates with the student body. | **Success Criteria:**<br><br>● Blog posts can be sorted by engagement statistics such as likes and comments.<br>● Admins can quickly identify and access highly engaged posts.<br>● The sorting mechanism is reliable and accurately reflects engagement levels. |

| | |
|---|---|
| | **Failure Criteria:**<br><br>● Posts are not sorted correctly based on engagement metrics.<br>● Admins cannot identify the most engaged content easily.<br>● Engagement statistics are not accurately updated or displayed. |

## Use Case : Complain Box

| Front of Card | Back of Card |
|---|---|
| USER STORIES | Confirmation |
| As a student, I want to submit complaints anonymously through the complaint box, ensuring privacy and encouraging honest feedback. | **Success Confirmation**<br>● The student can submit a complaint anonymously without their identity being revealed.<br>**Failure Confirmation:**<br>● The anonymity is compromised, or the submission fails. |
| As a club/committee, I want to submit complaints through the complaint box, so that I can tackle the major problems faced by the students. | **Success Confirmation**<br>● The club/committee can submit a complaint that the majority of the students face.<br>**Failure Confirmation:**<br>● The complaint is not submitted or is not visible to the admin. |
| As a college admin, I want to review and categorize complaints based on urgency or topic (e.g., infrastructure, academics, or student life). | **Success Confirmation**<br>● The administrator can successfully categorize complaints and prioritize them based on urgency. |

| | |
|---|---|
| | **Failure Confirmation**<br>● Complaints are not categorized correctly, or the urgency is misjudged. |
| As a student, I want to receive notifications when my complaint status changes (e.g., when it's resolved or under investigation). | **Success Confirmation**<br>● The user receives timely and accurate notifications about their complaint status.<br>**Failure Confirmation**<br>● Notifications are not sent or are incorrect, leaving the user uninformed. |
| As a student council representative, I want to track the overall complaint trends to identify recurring issues and propose improvements. | **Success Confirmation**<br>● The student council representative can generate reports on complaint trends and use them to propose improvements.<br>**Failure Confirmation**<br>● The trends are not accurately tracked, or the reports are incomplete, leading to ineffective proposals. |

## Use Case : Notice Board

| Front of Card | Back of Card |
|---|---|
| USER STORIES | Confirmation |
| As an admin, I want to post announcements about upcoming events, workshops, and seminars on the notice board so that other students can stay informed. | **Success Confirmation**<br>● Admin can successfully post announcements that are visible to others on the notice board. |

| | |
|---|---|
| | **Failure Confirmation**<br>● Admin is unable to post, or the post does not appear on the notice board. |
| As a club/committee, I want to post announcements about upcoming events, workshops, and seminars on the notice board so that other students can stay informed. | **Success Confirmation**<br>● The club/committee can successfully post announcements that are visible to others on the notice board.<br>**Failure Confirmation**<br>● The club/committee is unable to post, or the post does not appear on the notice board. |
| As a student, I want to view the notice board, so that I am updated with the current works of the college. | **Success Confirmation**<br>● The updated notice board is accessible to the students.<br>● The notice board should be updated on a daily basis.<br>● The UI is user friendly.<br>**Failure Confirmation**<br>● The notice board is not available or not up-to-date to the user. |
| As a college administrator, I want to approve or reject posts submitted by students to maintain the quality and relevance of content on the notice board. | **Success Confirmation:**<br>● The administrator can approve or reject posts, and only approved content appears on the notice board.<br>**Failure Confirmation:**<br>● The approval process fails, leading to inappropriate or irrelevant content being posted. |

# Use Case : Online Forums

| Front of Card | Back of Card |
|---|---|
| USER STORIES | Confirmation |
| As a student,<br>I want to create and participate in polls within the forum<br>so that I can gather opinions and make informed decisions based on collective feedback. | **Success Criteria:**<br><br>● The student can create a poll within a forum thread.<br>● The student can vote in any active poll.<br>● Poll results are displayed clearly, showing vote counts and percentages.<br>● The student can manage the poll (e.g., edit, close, delete) before posting.<br><br>**Failure Criteria:**<br><br>● The student is unable to create or participate in polls.<br>● Poll results are inaccurate or do not display properly.<br>● The UI is difficult to navigate, making it hard to create or vote in polls. |
| As a student,<br>I want to view and respond to important announcements in the forum<br>so that I stay informed about key updates and events. | **Success Criteria:**<br><br>● The student can easily view announcements in a dedicated section of the forum.<br>● The student can respond to announcements if allowed (e.g., by commenting or reacting).<br>● Announcements are displayed prominently with clear timestamps and author information.<br><br>**Failure Criteria:**<br><br>● The student is unable to access or respond to announcements.<br>● Announcements are not clearly visible or are difficult to navigate.<br>● The UI does not effectively highlight important announcements. |

| | |
|---|---|
| As a student,<br>I want to share and access useful links in forum posts<br>so that I can provide or find resources relevant to the discussion. | **Success Criteria:**<br><br>● The student can insert hyperlinks in their forum posts.<br>● Links are displayed clearly and are clickable, opening in a new tab or window.<br>● The student can edit or remove links in their posts if needed.<br><br>**Failure Criteria:**<br><br>● The student is unable to add, edit, or access links in forum posts.<br>● Links do not work correctly or are not displayed properly.<br>● The UI is difficult to navigate, making it hard to manage or use links. |
| As a club/committee member,<br>I want to create and manage polls within the forum<br>so that I can gather input from members on important decisions or activities. | **Success Criteria:**<br><br>● The club/committee member can create polls in dedicated forum threads.<br>● Polls can include multiple options, and the member can edit or delete them before posting.<br>● Poll results are clearly displayed, showing both percentages and vote counts.<br>● Polls can be set to close automatically after a specified period.<br><br>**Failure Criteria:**<br><br>● The club/committee member is unable to create or manage polls.<br>● Poll results are inaccurate or do not update in real-time.<br>● The UI is difficult to navigate, making it hard to create or manage polls. |
| As a club/committee member,<br>I want to post and highlight important announcements in the forum<br>so that all members are informed of key updates, events, and decisions. | **Success Criteria:**<br><br>● The club/committee member can create announcements that are highlighted in the forum.<br>● Announcements are displayed prominently, with clear timestamps and author information. |

| | |
|---|---|
| | ● The member can manage announcements (e.g., edit, delete, pin) to ensure visibility.<br><br>**Failure Criteria:**<br><br>● The club/committee member is unable to post or manage announcements.<br>● Announcements are not displayed prominently or are difficult to find.<br>● The UI does not effectively highlight or organize important announcements. |
| As a club/committee member,<br>I want to share important links in the forum<br>so that members have easy access to relevant resources and information. | **Success Criteria:**<br><br>● The club/committee member can insert and manage hyperlinks in forum posts.<br>● Links are displayed clearly, are clickable, and open in a new tab or window.<br>● The member can edit or remove links in their posts as needed.<br><br>**Failure Criteria:**<br><br>● The club/committee member is unable to add, edit, or manage links in forum posts.<br>● Links do not work correctly or are not displayed properly.<br>● The UI is difficult to navigate, making it hard to manage or use links. |

## Wall of work

Stay on track and organized with a wall of work that colorfully represents your team's trajectory.

### How to use this template

1. Identify the topic for your wall of work.
2. Add team members responsible for the project.
3. Develop list of tasks and drop in the corresponding status box.

### Quick tips

**Start with the toolbar**
It's at the bottom of your screen, with stickies, stamps, and anything you need.

**Move and zoom**
Use the hand tool to pan around. Zoom controls are in the top right corner.

**But first: get your team in here**
FigJam's better with others. Click the **Share** button above to invite your team.

## Edit Profile

- Edit Personal Information
  As a student, I want to be able to edit my profile so that I can keep my personal information up-to-date and reflect my identity.
- Update Academic Information
  As a student, I want to be able to update my academic information, interests and skills, so that I can showcase my areas of expertise and interests to connect with like-minded peers.
- Edit Club Profile
  As a club/committee leader, I want to be able to edit the club profile, so that I can update the club's description, profile picture, activities, and contact information.
- Link Social Media Accounts
  As a student, I want to be able to link my social media accounts to my profile, so that my peers can connect with me on other platforms.
- Edit Profile Information
  As a college admin, I want to be able to edit my profile, so that I can update my contact information, profile picture, and designation.
- Manage Core Members
  As a club/committee leader, I want to be able to add and remove core members from the club profile, so that the club details are always up to date.

## Following

- Follow Other Students, Clubs, and Committees
  As a student, I want to follow other students, clubs, and committees, so that I can stay updated with their latest posts and activities.
- View List of People Followed
  As a student, I want to view a list of people I follow, so that I can manage my interests and unfollow if needed.
- Receive Follower-Only Notifications
  As a student, I want to receive followers-only notifications, so that I can stay updated on exclusive content shared by those I follow.
- Send Notifications to Followers
  As a student, I want to send notifications only to my followers when I post something important or personal, so that only those who are genuinely interested in my updates receive them.

## Blog Post Management

- Create Blog Post with Rich Text Editing
  As a student, I want to create a blog post, with rich text editing, so that I can share my thoughts and ideas with others.
- Edit Blog Post After Publishing
  As a student, I want to edit my blog post after publishing, so that I can correct mistakes or update the content.
- Create Blog Post with Rich Text Editing
  As a club/committee, I want to create a blog post, with rich text editing, so that I can share the club details with the college.
- Edit Blog Post After Publishing
  As a club/committee, I want to edit my blog post after publishing, so that I can correct mistakes or update the content.
- Include Audio in Blog Post
  As a student, I want to include audio in my blog post, so that I can enhance my content with spoken word or music.
- Include Audio in Blog Post
  As a club/committee, I want to include audio in my blog post, so that I can enhance my content with spoken word or music.
- Include Video in Blog Post
  As a student, I want to include a video in my blog post, so that I can share visual content with my audience.
- Include Video in Blog Post
  As a club/committee, I want to include a video in my blog post, so that I can share visual content with my audience.
- Like, Share, and Comment on Blog Posts
  As a student, I want to like, share, and comment on blog posts, so that I can interact with the content and other users.
- Like, Share, and Comment on Blog Posts
  As a club/committee, I want to like, share, and comment on blog posts, so that I can interact with the content and share our activities with other users.
- Delete Blog Post
  As a student, I want to delete a blog post created by me, so that I can manage the content associated with our activities.
- Delete Blog Post
  As a club/committee member, I want to delete a blog post created by our club, so that we can manage the content associated with our activities.
- Collaborate on Blog Posts
  As a club/committee member, I want to collaborate on blog posts with other members, so that we can create joint content for our club.

## Engagement Statistics

- View Upvotes on Posts
  As a student, I want to be able to see the number of upvotes I get on my posts so that I can access my post activity.
- View Published Posts Count
  As a club/committee, I want to be able to see how many posts I have published on the platform till the current date so that I am aware of my content.
- View Comments on Posts
  As a club/committee, I want to be able to see the number of comments on my posts/committee posts so that I can know the level of interaction with my content.
- View Comments on Posts
  As a student, I want to be able to see the number of comments on my posts so that I can access my post activity.
- View Blog Views
  As a student, I want to be able to see how many views I get on my blogs so that I am aware of my content's demand.
- View Published Blogs Count
  As a student, I want to be able to see how many blogs I have published on the platform till the current date so that I am aware of my content.
- View Upvotes on Posts
  As a club/committee, I want to be able to see the number of upvotes I get on my posts/committee posts so that I can know the level of engagement and interest in my contributions.
- View Published Posts Count
  As a club/committee, I want to be able to see how many posts I have published in my club/committee so that I am aware of my contribution level.
- View Blog Views
  As a student, I want to be able to see how many views my blogs in their current versions get.
- View Number of Followers
  As a student, I want to be able to see how many people are following me so that I am aware of my popularity in college.
- View Number of Followers
  As a club/committee, I want to see how many people are following our club/committee so that I am aware of our popularity and reach.
- View Post Views
  As a club/committee, I want to see how many views my club/committee posts get so that I am aware of their visibility and interest among members.
- View Number of Followers
  As a club/committee, I want to see how many people are following our club/committee so that I am aware of our popularity and reach.

## Registration and Login

- Register and Create an Account
  As a student, I want to register and create an account on the blogging platform, so that I can login and add or view blogging content.
- Reset Password
  As a student, I want to reset my password if I forget it, so that I can regain access to the blogging platform.
- Log In
  As a student, I want to log in to the blogging platform, so that I can access and engage with blog content.
- Receive OTP for Verification
  As a student, I want to receive an OTP via email or SMS during registration, so that I can securely verify my identity.
- Reset Password
  As a club/committee member, I want to reset my password if I forget it, so that I can regain access to the blogging platform.
- Reset Password
  As an admin, I want to reset my password if I forget it, so that I can regain access to the blogging platform.
- Log In
  As an admin, I want to log in to the blogging platform, so that I can manage or contribute to my club/committee's blog posts.
- Log In
  As a club/committee member, I want to log in to the blogging platform, so that I can manage or contribute to my club/committee's blog posts.
- Register and Create an Account
  As a club/committee member, I want to register and create an account on the blogging platform, so that I can login and manage or contribute to my club/committee's blog content.
- Receive OTP for Verification
  As a club/committee member, I want to receive an OTP via email or SMS during registration, so that I can securely verify my identity.
- Reset Password
  As a club/committee member, I want to reset my password if I forget it, so that I can regain access to the blogging platform.
- Log In
  As an admin, I want to log in to the blogging platform, so that I can receive important announcements and updates on blogging content.
- Reset Password
  As an admin, I want to reset my password if I forget it, so that I can regain access to the blogging platform.
- Receive OTP for Verification
  As an admin, I want to receive an OTP via email or SMS during registration, so that I can securely verify my identity.
- Register and Create an Account with Admin Privileges
  As an admin, I want to register and create an account with admin privileges on the blogging platform, so that I can access the blogging platform and its features.
- Receive OTP for Verification
  As an admin, I want to receive an OTP via email or SMS during registration, so that I can securely verify my identity.

## Search and Browsing

- Search Blog Posts by Keywords
  As a student, I want to search for blog posts by keywords so that I can quickly find relevant content.
- Search Blog Posts by Keywords
  As a college admin, I want to search for blog posts by keywords (e.g., "college policy" or "campus event") so that I can monitor discussions and engagement.
- Browse Blog Posts by Engagement Statistics
  As a college admin, I want to browse blog posts by engagement statistics (e.g., most commented or most liked) so that I can identify content that resonates with the student body.
- Search Blog Posts by Keywords
  As a club/committee member, I want to search for blog posts related to past events organized by my club so that I can review coverage and feedback.
- Search Blog Posts Related to Past Events
  As a club/committee member, I want to search for blog posts related to past events organized by my club so that I can review coverage and feedback.
- Filter Blog Posts by Categories
  As a student, I want to filter blog posts by categories (e.g., technology, sports, culture) so that I can explore topics of interest more easily.
- Filter Blog Posts by Event Date
  As a club/committee member, I want to filter blog posts by event date to find content related to specific events our club organized.
- Browse Blog Posts Tagged with Club's Name
  As a club/committee member, I want to browse through blog posts tagged with our club's name so that I can easily find and share content relevant to our activities.
- Like, Share, and Comment on Blog Posts
  As a student, I want to like, share, and comment on blog posts, so that I can interact with the content and other users.
- Like, Share, and Comment on Blog Posts
  As a club/committee, I want to like, share, and comment on blog posts, so that I can interact with the content and share our activities with other users.

## Privacy Setting

- Block Users for Inappropriate Content
  As a student, I want to block users who post content in any channel or reported sentence, so that I can ensure a safe and respectful space for college admin.
- Block or Restrict Users
  As a student, I want to see a list of other students I have blocked, so that I can manage my blocked users effectively.
- Update Club Account Password
  As a member of a club/committee, I want to ensure our club's account password can be updated regularly, so that we can maintain control over our club's blog content and communications.
- Create Private Blog Post
  As a student, I want to create private blog posts that are only visible to selected friends or groups, so that I can share personal content with only those I trust.
- Report Users for Spamming or Disruptive Behavior
  As a member of a club/committee, I want to report users who spam our club's posts or engage in disruptive behavior, so that these issues can be addressed promptly.
- Change Password Easily
  As a student, I want to be able to change my password easily, so that I can secure my account if I suspect any unauthorized access.
- Enforce Enhanced Password Policies and Allow Changes
  As a college admin, I want to enforce stronger password policies and allow users to change their passwords, so that all accounts on the platform are secure against unauthorized access.
- Block Specific Users
  As a student, I want to be able to block specific users from interacting with my blog posts and profile, so that I can prevent unwanted communication.

## Complain Box

- Submit Complaints Anonymously
  As a student, I want to submit complaints anonymously through the complaint box, ensuring privacy and encouraging honest feedback.
- Receive Notifications on Complaint Status
  As a user, I want to receive notifications when my complaint status changes (e.g., when it's resolved or under investigation).
- Track Complaint Trends
  As a student council representative, I want to track the overall complaint trends to identify recurring issues and propose improvements.
- Review and Manage Complaints
  As an administrator, I want to review and categorize complaints based on relevant factors (e.g., infrastructure, academics, or student life).
- Submit Complaints as a club/committee
  As a club/committee, I want to submit complaints through the complaint box, so that we can address the major problems faced by the students.
- Assign Complaints to Relevant Departments
  As a college staff member, I want to assign complaints to relevant departments (e.g., maintenance, library, or administration) for timely resolution.

## Online Forums

- View and Respond to Announcements
  As a student, I want to view and respond to announcements in the forum so that I can stay updated about key updates and events.
- Create and Participate in Polls
  As a student, I want to create and participate in polls within the forum so that I can gather opinions and make informed decisions based on collective feedback.
- Post and Highlight Announcements
  As a club/committee member, I want to post and highlight important announcements in the forum so that all members are informed of key updates, events, and decisions.
- Create and Manage Polls
  As a student, I want to create and manage polls within the forum so that I can gather input from members on important decisions or activities.
- Share Important Links
  As a club/committee member, I want to share important links in the forum so that members have easy access to relevant resources and information.
- Share and Access Useful Links
  As a club/committee member, I want to create and manage polls within the forum so that I can gather input from members on important decisions or activities.

## Notice Board

- Post Announcements
  As a club/committee, I want to post announcements about upcoming events, workshops, and seminars on the notice board so that other students can stay informed.
- View Notice Board Posts
  As a student, I want to view the notice board, so that I can stay updated with the current works of the college.
- Approve or Reject Posts
  As a college administrator, I want to approve or reject posts submitted to the notice board, so that I can maintain the quality and relevance of content on the notice board.
- Block Specific Users
  As a student, I want to be able to block specific users from interacting with my blog posts and profile, so that I can prevent unwanted communication.
- Post Announcements
  As an admin, I want to post announcements about upcoming events, workshops, and seminars on the notice board so that other students can stay informed.
- Receive and Review Reports
  As a college admin, I want to receive and review reports from users about inappropriate content or behaviour, so that I can take appropriate actions such as warnings, suspensions, or bans.
- Block or Restrict Users
  As a student, I want to see a list of other students whom I have blocked, so that I can manage my blocked users and unblock them if I choose to.
- Report Inappropriate or Harmful Content/ Behaviour
  As a student, I want to report inappropriate or harmful content or behavior by other users, so that necessary actions can be taken to maintain a safe environment.
- Block Users for Inappropriate Content
  As a student, I want to provide feedback on why I blocked or reported someone, so that my concerns are clearly communicated to the college admin.
- Provide Feedback on Blocking
  As a member of a club/ committee, I want to be able to block users who consistently post inappropriate or spam content, so that our club remains safe and focused on relevant topics.
- Report Users for Spamming or Disruptive Behaviour
  As a member of a club/ committee, I want to report users who spam our club's posts or engage in disruptive behaviour, so that these issues can be addressed promptly.
- View and Manage Blocked Users
  As a college admin, I want to have the ability to block or restrict users who violate community guidelines, so that the platform remains a safe and welcoming environment for all.

Sprint Planning

Sprint 1

- Register and Create an Account
  As a student, I want to register and create an account on the blogging platform, so that I can login and add or view blogging content.
- Register and Create an Account
  As a club or committee member, I want to register and create an account on the blogging platform, so that I can login and manage or contribute to my club/ committee's blog content.
- Log In
  As an admin, I want to log in to the blogging platform, so that I make important announcements and see the blogging content.
- Register and Create an Account with Admin Privileges
  As an admin, I want to register and create an account with admin privileges on the blogging platform, so that I can access the blogging platform and its features.
- Receive OTP for Verification
  As a student, I want to receive an OTP via email or SMS during registration, so that I can securely verify my identity.
- Receive OTP for Verification
  As a club or committee member, I want to receive an OTP via email or SMS during registration, so that I can securely verify my identity.
- Receive OTP for Verification
  As an admin, I want to receive an OTP via email or SMS during registration, so that I can securely verify my identity.
- Log In
  As a student, I want to log in to the blogging platform, so that I can access and engage with blog content.
- Log In
  As a club or committee member, I want to log in to the blogging platform, so that I can manage or contribute to my club/committee's blog posts.
- Edit Personal Information
  As a student, I want to be able to edit my personal information like name, picture and bio so that my profile stays current and reflects my identity.
- Update Academic Information
  As a student, I want to be able to update my academic information, interests and skills, so that I can showcase my areas of expertise and interests to connect with like-minded peers.
- Manage Core Members
  As a club/committee leader, I want to be able to add and remove core members from the club profile, so that the club details are always up to date.
- Edit Club Profile
  As a club/committee leader, I want to be able to edit the club profile, so that I can update the club's description, profile picture, activities, and contact information.
- Edit Profile Information
  As a college admin, I want to be able to edit my profile, so that I can update my contact information, profile picture, and designation.
- Link Social Media Accounts
  As a student, I want to be able to link my social media accounts to my profile, so that my peers can connect with me on other platforms.

Sprint 3

- Search Blog Posts by Keywords
  As a student, I want to search for blog posts by keywords so that I can quickly find relevant content.
- Search Blog Posts of Followed Users
  As a student, I want to search for blog posts so that I can follow the work of the people I like to follow.
- Search Blog Posts by Keywords
  As a college admin, I want to search for blog posts by keywords (e.g., "college policy" or "campus event") so that I can monitor discussions and engagement.
- Browse Blog Posts by Engagement Statistics
  As a college admin, I want to browse blog posts by engagement statistics (e.g., most commented or most liked) so that I can identify content that resonates with the student body.
- Search Blog Posts Related to Past Events
  As a club/committee member, I want to search for blog posts related to past events organized by my club so that I can review coverage and feedback.
- Filter Blog Posts by Categories
  As a student, I want to filter blog posts by categories (e.g., technology, sports, culture) so that I can explore topics of interest more easily.
- Filter Blog Posts by Event Date
  As a club/committee member, I want to filter blog posts by event date to find content related to specific events our club organized.
- Browse Blog Posts Tagged with Club's Name
  As a club/committee member, I want to browse through blog posts tagged with our club's name so that I can easily find and share content relevant to our activities.
- Like, Share, and Comment on Blog Posts
  As a student, I want to like, share, and comment on blog posts, so that I can interact with the content and other users.
- Like, Share, and Comment on Blog Posts
  As a club/committee, I want to like, share, and comment on blog posts, so that I can interact with the content and share our activities with other users.

Sprint 5

- View Upvotes on Posts
  As a club/committee, I want to be able to see the number of upvotes I get on my club/committee posts so that I can track the engagement and impact of my contributions.
- View Published Posts Count
  As a club/committee, I want to see how many posts I have published in my club/ committee so that I am aware of my contribution level.
- View Published Blogs Count
  As a student, I want to be able to see how many blogs I have published on the platform till the current date so that I am aware of my content.
- View Blog Views
  As a student, I want to be able to see how many views I get on my blogs so that I am aware of my content's demand.
- View Number of Followers
  As a club/committee, I want to see how many people are following my club/ committee so that I am aware of its popularity and reach.
- View Post Views
  As a club/committee, I want to see how many views my club/ committee posts get so that I am aware of their visibility and interest among members.
- View Number of Followers
  As a student, I want to be able to see how many people are following me so that I am aware of my popularity in college.
- View Comments on Posts
  As a club/committee, I want to be able to see the number of comments on my club/committee posts so that I can know the level of interaction with my content.
- Submit Complaints Anonymously
  As a student, I want to submit complaints anonymously through the complaint box, ensuring privacy and encouraging honest feedback.
- Receive Notifications on Complaint Status
  As a user, I want to receive notifications when my complaint status changes (e.g., when it's resolved or under investigation).
- Submit Complaints as a club/committee
  As a club/committee, I want to submit complaints through the complaint box, so that I can tackle the major problems faced by the students.
- View Comments on Posts
  As a student, I want to be able to see the number of comments on my posts so that I can access my post activity.
- View Upvotes on Posts
  As a student, I want to be able to see the number of upvotes I get on my posts so that I can access my post activity.

Sprint 2

- Create Blog Post with Rich Text Editing
  As a student, I want to create a blog post, with rich text editing, so that I can share my thoughts and ideas with others.
- Edit Blog Post After Publishing
  As a student, I want to edit my blog post after publishing, so that I can correct mistakes or update the content.
- Edit Blog Post After Publishing
  As a club/committee, I want to edit my blog post after publishing, so that I can correct mistakes or update the content.
- Delete Blog Post
  As a club/committee member, I want to delete a blog post created by our club, so that we can manage the content associated with our activities.
- Include Audio in Blog Post
  As a student, I want to include audio in my blog post, so that I can enhance my content with spoken word or music.
- Include Video in Blog Post
  As a student, I want to include a video in my blog post, so that I can share visual content with my audience.
- Include Video in Blog Post
  As a club/committee, I want to include a video in my blog post, so that I can share visual content with my audience.
- Create Blog Post with Rich Text Editing
  As a club/committee, I want to create a blog post, with rich text editing, so that I can share the club details with the college.
- Include Audio in Blog Post
  As a club/committee, I want to include audio in my blog post, so that I can enhance my content with spoken word or music.
- Delete Blog Post
  As a student, I want to delete a blog post created by me, so that I can manage the content associated with our activities.
- Reset Password
  As a student, I want to reset my password if I forget it, so that I can regain access to the blogging platform.
- Reset Password
  As a club/committee member, I want to reset my password if I forget it, so that I can regain access to the blogging platform.
- Reset Password
  As an admin, I want to reset my password if I forget it, so that I can regain access to the blogging platform.
- Enforce Password Policies and Allow Password Changes
  As a college admin, I want to enforce password policies and allow users to change their passwords, so that all accounts on the platform are secure against unauthorized access.
- Update Club Account Password
  As a member of a club/ committee, I want to ensure our club's account password can be updated regularly, so that we can maintain control over our club's blog content and communications.
- Change Password Easily
  As a student, I want to be able to change my password easily, so that I can secure my account if I suspect any unauthorized access.

Sprint 4

- Collaborate on Blog Posts
  As a club/committee member, I want to collaborate on blog posts with other members, so that we can create joint content for our club.
- Create and Manage Polls
  As a student, I want to share and access useful links in forum posts so that I can provide or find resources relevant to the discussion.
- Create and Participate in Polls
  As a student, I want to create and participate in polls within the forum so that I can gather opinions and make informed decisions based on collective feedback.
- Post and Highlight Announcements
  As a club/committee member, I want to post and highlight important announcements in the forum so that all members are informed of key updates, events, and decisions.
- View and Respond to Announcements
  As a student, I want to view and respond to important announcements in the forum so that I stay informed about key updates and events.
- Share Important Links
  As a club/committee member, I want to share important links in the forum so that members have easy access to relevant resources and information.
- Share and Access Useful Links
  As a club/committee member, I want to create and manage polls within the forum so that I can gather input from members on important decisions or activities.
- Create Private Blog Posts
  As a student, I want to create private blog posts that are only visible to selected friends or groups, so that I can share personal content with only those I trust.
- Follow Other Students, Clubs, and Committees
  As a student, I want to follow other students, clubs, and committees, so that I can stay updated with their latest posts and activities.
- View List of People Followed
  As a student, I want to view a list of people I follow, so that I can manage my interests and unfollow if needed.
- Receive Followers-Only Notifications
  As a student, I want to receive followers-only notifications, so that I am aware of exclusive content shared by those I follow.
- Send Notifications to Followers
  As a student, I want to send notifications only to my followers when I post something important or personal, so that only those who are genuinely interested in my updates receive them.

Sprint 6

- Post Announcements
  As a club/committee, I want to post announcements about upcoming events, workshops, and seminars on the notice board so that other students can stay informed.
- View Notice Board Posts
  As a student, I want to view the notice board, so that I am updated with the current works of the college.
- Approve or Reject Posts
  As a college administrator, I want to approve or reject posts submitted to the notice board, so that I can maintain the quality and relevance of content on the notice board.
- Block Specific Users
  As a student, I want to be able to block specific users from interacting with my blog posts and profile, so that I can prevent unwanted communication.
- Post Announcements
  As an admin, I want to post announcements about upcoming events, workshops, and seminars on the notice board so that other students can stay informed.
- Receive and Review Reports
  As a college admin, I want to receive and review reports from users about inappropriate content or behaviour, so that I can take appropriate actions such as warnings, suspensions, or bans.
- Block or Restrict Users
  As a student, I want to see a list of other students whom I have blocked, so that I can manage my blocked users and unblock them if I choose to.
- Report Inappropriate or Harmful Content/ Behaviour
  As a student, I want to report inappropriate or harmful content or behavior by other users, so that necessary actions can be taken to maintain a safe environment.
- Block Users for Inappropriate Content
  As a student, I want to provide feedback on why I blocked or reported someone, so that my concerns are clearly communicated to the college admin.
- Provide Feedback on Blocking
  As a member of a club/ committee, I want to be able to block users who consistently post inappropriate or spam content, so that our club remains safe and focused on relevant topics.
- Report Users for Spamming or Disruptive Behaviour
  As a member of a club/ committee, I want to report users who spam our club's posts or engage in disruptive behaviour, so that these issues can be addressed promptly.
- View and Manage Blocked Users
  As a college admin, I want to have the ability to block or restrict users who violate community guidelines, so that the platform remains a safe and welcoming environment for all.
